A white supremacist behind an initiative to turn a North Dakota town into a "white enclave" received some shocking news -- he's not 100 percent white.

Craig Cobb, a [62-year-old man who has aimed to start a community for white supremacists and neo-Nazis](#), received some news that he wasn't too happy about, although we must admit, it gave us quite a chuckle.

During an appearance on [The Trisha Goddard Show](#), Cobb was given the results of a DNA Diagnostics test and found out he is 14 percent Sub-Saharan African, and it was all caught on camera.

Watch the clip above and check out the hilarity that ensues.

What do you have to do?

- 1) Read the article above, watch the video, and try to understand what did happen to Craig Cobb.
 - 2) Prepare a short presentation about DNA.
