

## Systems of Equations Song

From : <http://www.youtube.com/user/TheSingingNerd>

Systems of equations -- two things we don't know  
Systems of equations -- They seem hard although  
We've got three ways (3 ways) to solve them

- 1) You could first try (first try) \_\_\_\_\_  
Graph one of them on a \_\_\_\_\_ today  
Then graph the next one, be careful, don't go astray  
Their \_\_\_\_\_ or points where our \_\_\_\_\_  
Write down the \_\_\_\_\_. You're done -- that didn't hurt so much!

That's how we solve  
That's how we solve  
Systems of equations -- two things we don't know  
Systems of equations -- They seem hard although  
We've got three ways (3 ways) to solve them

- 2) You'll like the next one (next one) \_\_\_\_\_  
\_\_\_\_\_ to cancel off \_\_\_\_\_  
You can \_\_\_\_\_, if you think that it will apply  
\_\_\_\_\_ and you are about halfway done  
Plug it in to find the other, \_\_\_\_\_

That's how we solve  
That's how we solve  
Systems of equations -- two things we don't know  
Systems of equations -- They seem hard although  
We've got three ways (3 ways) to solve them

- 3) You'll like the next one (next one) \_\_\_\_\_  
You can solve for \_\_\_\_\_  
\_\_\_\_\_ that in the other equation that we have, next  
I will leave the rest as the viewers' exercise  
You'll get the right answer, and you won't believe your eyes

Because you solved  
Because you solved  
Systems of equations -- two things we don't know  
Systems of equations -- two things we now know
