EMC 2 – REMEMBER ! Children have rights

All children of the world have **rights**. They are things all children need to have or do to have a good life. They are **essential**. It can be different from what children **want** ! (What children want is not essential)
Every right goes with a **responsibility** (= an obligation).

Ex : I have the right to have an education but I must (have the obligation to) do my homework.

Ex : I have the right not to be bullied but I must speak up (go see an adult) if someone is bullied.

VOCA vu en classe :

the right to : le droit à
