

DEVELOPMENT – TOOL BOX

1. INDICATORS: Match the English and the French expression:

Life **expectancy**

•

• **Niveau** de vie

infant **mortality**

•

• Indicateur de Développement Humain

Living **standard**
= **standard** of living

•

• **PIB** par habitant

GDP:

Gross Domestic Product

•

• revenu **moyen**

Adult **literacy**

•

• **Espérance** de vie

Average **income**

•

• **alphabétisation** des adultes

HDI :

Human Development Index

•

2. Tools to explain living conditions

Improve = get better / s'améliorer

Health:

% **Rate / percentage** = taux/pourcentage

get medical care: recevoir des soins médicaux

An **average** = une moyenne

access drinkable water =

On average =

.....

Few cars ≠

Many / A lot of cars

more ≠

less

Go up = **increase**

≠ go down = **decrease**

The indicator is **high** (≠ the indicator is **low**), it means that ...

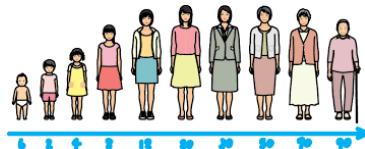

The indicator shows that ...

The cause is = this is because
