## LABS

DEFINITIVE GROUP TESTS

### PC base units

Want a new PC, but don't want to break the bank? We've rounded up 10 of the best-value £450 base units to which you can add your own monitor. Whether you want to play games, edit videos or just browse the web and send emails, one of these machines is just the ticket

70

### Monitors

A new monitor could radically improve the quality of your desktop PC. With prices at an all-time low, you can get a Full HD monitor for less than £100. We round up 15 of the best, ranging in size from 22in to 27in

80

### Ultra-zoom cameras

Get closer to the action with an ultra-zoom camera. We take a close look at 15 of the latest models, including both DSLR-style and pocket-sized versions, with zooms ranging from 12x to a mighty 36x

90

## FEATURES

TECHNOLOGY, & ADVICE IN DEPTH

### Cut out the middle man

Ben Pitt investigates a selection of innovative companies that enable people to trade goods and services directly with each other – including cars, money, rooms for the night, and more besides

102

### The new face of war

Mike Bedford asks where the latest military innovations are taking us, and considers robotic insects, camouflaged tanks and unmanned vehicles

107

### Ultimate guide to DSLR/CSC

If you want to take better photos, look no further, as we acquaint you with your camera's controls and help you to learn new tricks that will improve every shot
