3D TECH REVOLUTION

There's a lot more to 3D techology than stunning visuals – it has the potential to completely change the way we work and live

p6

3D sickness EXPOSED!

The tabloids claim 3D can cause permanent damage to your eyes. Is there any truth in their claims, or are we worrying about nothing?

p40

The final frontier

Scientists are suffering from data overload, but you can help. Discover how to explore the mysteries of the stars from your PC
