

# 37 fractions de l'unité (2)

Quatre.

Cinq.

Cinq kilos deux !  
5, 2 kilogrammes !

Les 5 pots d'un kilo  
seront notre réserve.  
Nous pouvons manger  
le surplus.

The comic strip consists of three panels. In the first panel, a bear is looking at four pots arranged in a row, with a speech bubble saying "Quatre." (Four). In the second panel, the bear is looking at five pots arranged in a row, with a speech bubble saying "Cinq." (Five). In the third panel, the bear is looking at five pots, with a speech bubble saying "Cinq kilos deux ! 5, 2 kilogrammes !" (Five kilograms two ! 5, 2 kilograms !). A mouse is also present in the third panel, and a speech bubble from the bear says "Les 5 pots d'un kilo seront notre réserve. Nous pouvons manger le surplus." (The 5 pots of one kilo will be our reserve. We can eat the surplus.).

463

464 Il faut en visiter des fleurs pour remplir une alvéole.

15,83 15,87

Tout ce que tu apportes est compté. Bientôt, tu auras rempli 16 alvéoles.

The comic strip consists of three panels. In the first panel, a bee is flying towards a flower, with a speech bubble containing the number "463". In the second panel, the bee is visiting a flower, with a speech bubble saying "464 Il faut en visiter des fleurs pour remplir une alvéole." (464 It is necessary to visit some flowers to fill a cell.). In the third panel, the bee is flying away from a honeycomb, with a speech bubble containing the numbers "15,83 15,87". A larger speech bubble from the bee says "Tout ce que tu apportes est compté. Bientôt, tu auras rempli 16 alvéoles." (Everything you bring is counted. Soon, you will have filled 16 cells.).
