Je sais raconter l'histoire de Thanksgiving

Je pense a utiliser le prétérit (past simple) et a vérifier les verbes irréguliers.

In 1620 a ship called the Mayflower came to America.

The people were called the Pilgrims.

The Pilgrims wanted to have their own church but James III said no.

The first winter was very cold. They didn't have warm clothes or much food.

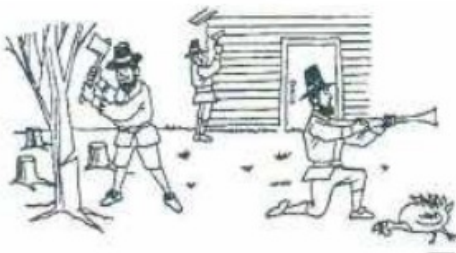

The Pilgrims git sick and died.

The Indians came and they spoke English.
The Pilgrims were happy.

The NA showed the Pilgrims how to
plant corn.

The Pilgrims cut down trees and learnt to
hunt. They built houses.

In the fall, they were very happy because
they had lots of food.

They made a big meal and they invited the
Native Americans.

The Indians bought deer and food.
They ate and ate for three days.

The Pilgrims were thankful to the Indians
for their help. This was the first
Thanksgiving.
