

I → 10

The beginning of the

In Martinique; school starts in September sometimes in August.

① I guess that in other parts of the world, things can be different.

~~There are many other islands in Polynesia.~~

Many

② Do you have an idea of when schools begin in Polynesia? Someone told me that they start earlier and finish later than us in the French Antilles.

③ Many people on holiday in France come back at that period.

I must tell you that the planes are full. ~~My brother Paul~~

last week, my brother missed his plane. It was very difficult

for him to find a new one. He had to pay extra money to

get a ~~new~~ flight to Guadeloupe.

Do you know the island of Dominica? → 10

① like Guadeloupe and Martinique, Dominica is another tropical island

③ that I visited two years ago.

I want to tell you that I really liked this island because it

is so green. The main town and capital city is Roseau but you

⑨ need to leave Roseau to discover the beauty of my favorite

islands.

① There are a lot of Americans and English visitors on

As it is a touristic island, many people's life is expensive.

But don't worry, you can call the Information Tourist board and they give you the best prices accommodation for the best price

~~can~~ You understand <sup>(7)</sup> that I like travelling. <sup>(8)</sup>  
 When I am older, I will probably  
 work hard to earn <sup>3</sup> money and  
 go travelling <sup>(10)</sup>.

Cities or countryside.

Since my parents have been living  
 in Schoelcher, I like the countryside. <sup>(1)</sup>  
 Cities are too noisy <sup>(2)</sup> and the <sup>(3)</sup>  
 noise is one of the many <sup>(4)</sup> disadvantages  
 of living in cities. In the countryside  
 I think that the people in the countryside  
 are more polite. When you are a  
 teenager you like ~~it~~ <sup>(5)</sup> but when it is lively  
 but I know that adults prefer places  
 where it is calmer and quieter. <sup>(6)</sup> Maybe  
 some young people <sup>(7)</sup> don't agree with me  
 but ~~because of~~ <sup>(8)</sup> I need fresh air. That's why  
 I enjoy the countryside <sup>(9)</sup> unlike my mother <sup>(10)</sup>

Depuis qu'ils se sont mis  
 A compter les morts  
 En Chine  
 Puis en Italie  
 En France  
 A New York  
 Puis en Guadeloupe  
 En Martinique  
 J'ai honte  
 Et j'ai peur  
 J'ai peur  
 De ce que nous avons fait  
 De l'homme  
 J'ai honte  
 Des humains et de l'homme que nous sommes devenu...  
 Un chiffre  
 Des chiffres,  
 Des fous chiffres  
 Qui s'affichent sur les JT de 20h  
 Tu imagines  
 Tous ces gens  
 J'etes à la pelle  
 A la fosse commune  
 Combien déjà...?  
 Serait-ce parce que  
 Je suis confiné,  
 Placé en résidence forcée  
 Prisonnier de moi-même  
 Que je déraile,  
 Que je divague  
 Ou est-ce mon esprit tourmenté  
 Qui me joue un sale tour?  
 Pour tous ceux, celles  
 Qui sont tombés  
 Victimes ou dommages collatéraux  
 De ce qu'ils appellent  
 Une guerre biologique  
 Bactériologique  
 Epidémiologique  
 Pour moi  
 Et les miens  
 Et tous les autres miens  
 Sur cette terre  
 Je m'indigne  
 Je m'insurge  
 Contre ce massacre quasi programmé  
 Cet hécatombe  
 Cet holocauste  
 Ce crime contre l'humanité
