Paradise Hotel .
69 Rockstar Lane
Trois-Ilet, 97252,
Martinique

Dear Ms. Jones:

I am seeking a position in the Human Resource department of your hotel where I may use my training in computer sciences to solve Paradise Hotel engineering problems. I would like to be a part of the department that developed the Internet Selection System but am unsure whether you have a current opening.

I expect to receive a Bachelor of Science degree in Engineering from the University of the West-Indies in June and by that time will have completed the Computer Systems Engineering Program. Since September 2020, I have been participating, through the University, in the Professional Training Program at Computer Systems International in Schoelcher. In the program I was assigned to several staff sections as an apprentice. Most recently, I have been a programmer trainee in the Engineering Department and have gained a great deal of experience in computer applications. Details of the academic courses I have taken are included in the enclosed resume.

If there is a position open at Paradise Hotel., please let me know whom I should contact for further information. I look forward to hearing from you soon. I may be reached at my home (919-866-4000 ext. 232) or via email (Brock@gmail.com).

Sincerely,

Rebecca Brock
