

Orange and red

*A*wesome season!

*U*mbrellas are very busy:

"We get so much work with the rain!"

*T*rees and leaves are changing and getting different.

Leaves are singing a sweet song with the wind!

*U*nattended children are playing in the countryside

*M*aroon is the earth and animals are having fun

My favorite season is autumn.

*N*ature will soon go to sleep!

Adults don't watch over us when we are playing!

Autumn!

Season of freedom!
