

The VELVET UNDERGROUND

The title of the CD is *The Velvet Underground and Nico*.

The band is The Velvet Underground (Lou Reed, Sterling Morrison, John Cale, Moe Tucker) with the singer Nico.

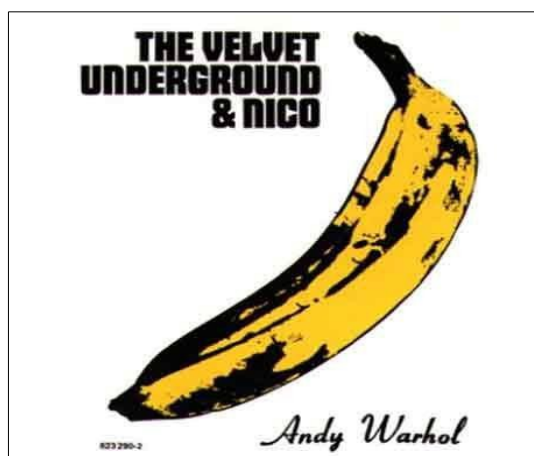

The musicians play the guitar, the bass, the piano and the drums.

It is a CD of rock and pop music, produced by Andy Warhol.

I often listen to this CD in my room in the evening.

I love this CD because it is enthralling. Nico's voice is very sweet. My favourite song is *Sunday Morning*. The lyrics are sometimes sad and poetical, they are about Lou Reed's personal life.
