

Question

WILL HUMANS BE REPLACED BY ROBOTS?

1 Get ready

1 Read the question above. Tick the correct answer about humans and robots.

- a) Humans make robots. Right. Wrong.
 b) Robots can create human beings. Right. Wrong.
 c) Robots can repair other robots – and themselves. Right. Wrong.
 d) Humans and robots can never be friends. Right. Wrong.

2 Complete the sentences with these words.

useful us ways build robots

Year after year, robots become more useful and efficient. They help humans in new ways every day. In factories, robots even build robots. Can robots replace us?

3 Brainstorm from the title of the chapter.

What can robots do? Tick your answers.

- Wash the floor. Do the dishes.
 Hoover. Teach.
 Set the table. Do your homework.
 Cook. Make objects.
 Do the laundry.

I, robot!

Do you have "robots" at home?

I have a blender, a mixer, a dishwasher, a washing machine... etc.

Bonus question Watch the film trailer *I, Robot!* Is it reality or fiction?

It's science fiction.

4 Check with this table what you already know.

Today, can you...	Prove it!	😊	☹️
talk about present habits and activities?	<u>d'habitude/habituellement</u> <u>(usually) have breakfast at 7.00 a.m.</u>	<input type="checkbox"/>	<input type="checkbox"/>
